Dear friend or family member,

As a member of Chicago Volleyball Club, I have an opportunity to attend the USA Volleyball Boys' National Championships in Austin, Texas on July 2-5. Each member of the team put a great deal of energy and hard work into our winter season where we qualified as one of 36 teams for the boys' 18 Open division, the highest level of club volleyball. Plus, all of the top college coaches will be looking to recruit playes at the Championships.

In order to represent our club and region, each player needs to raise $1200 for the summer to cover transportation, accommodations, and addmission to the Championships. Can I count on your support? Any amount you can donate will be greatly appreciated, and will go directly toward funding this important trip. All donations over $30 will receive a team picture after the event.

Please contact CVC if you have any questions. Thank you in advance for your donation.

Our Purpose:

Chicago Volleyball Club has established a Junior Olympic boys program for junior and senior high athletes who seek to excel in volleyball. To best prepare its players, CVC uses a vast knowledge of the game, many years and levels of coaching experience, a commitment to fundamentals and technique, a superior coach-to-player ratio, a consistent club wide system, all around player development, and an emphasis on personal responsibility, leadership and self-motivation. To accomplish its goals, CVC provides these services:

1) Running bi-weekly practices, private lessons, and summer camps
2) Coaching teams that compete in local, regional, and national level tournaments
3) Connecting players with a college that best fits their game and educational needs
4) Conditioning players through specialized speed and strength training exercises
5) Training players to become certified officials
